Statement of Intent – Behaviour Principles

This policy should be read in conjunction with the GLT Equality, Diversity and Inclusion Statement and Equality Objectives, the Attendance Policy, the Anti-Bullying Policy, the Child-on-Child Abuse Policy and the GLT Exclusions Policy.

This policy is based on legislation and advice from the Department for Education (DfE) on:

[Behaviour and discipline in schools: advice for headteachers and school staff, 2016](#)

[Behaviour in Schools - Advice for headteachers and school staff Feb 2024
\(publishing.service.gov.uk\)](#)

[Use of reasonable force in schools](#)

[Supporting students with medical conditions at school](#)

[Special Educational Needs and Disability \(SEND\) Code of Practice.](#)

This policy lays out the whole school approach to maintaining high standard of behaviour that reflect the values of our community.

The guiding principle, embodied in the Vision, Values and Mission of the school, and in the Nonsuch Whole School Behaviour Agreement, is that members of the School should behave in line with the school values of Positivity, Respect, Integrity, Courage and Endeavour (the PRICE Values).

In doing this, the school ensures a positive culture that promotes excellent behaviour, ensuring that all students have the opportunity to learn in a calm, safe and supportive environment.

This policy recognises the statutory requirement on schools to promote children's well-being as well as their academic achievement, and provides a consistent approach to behaviour management that is applied equally to all students.

The Nonsuch Whole School Behaviour Agreement and Sixth Form Agreement Appendix A, defines what we consider to be appropriate behaviour to enable the whole school community to achieve these aims.

It is the expectation that all members of the school community, including staff, students, and parents will abide by the Nonsuch Whole School Behaviour Agreement

Staff and parents or carers are expected to ensure that high standards of behaviour are maintained. Any omission to comment on a discrepancy in behaviour may be interpreted as condoning it.

By enrolling at Nonsuch, students and their parents/carers agree to read and adhere to the school's Behaviour for Learning, Attendance, and ICT Acceptable Use Policies, which outline the expectations, processes, and protocols that support our school community. Enrolment also signifies a commitment to respectful communication with staff, support for the fair and consistent application of these policies, and agreement to uphold the Nonsuch Whole School Behaviour Agreement.

** Throughout the remainder of the policy, the word “parents” will denote parents and carers*

Behaviour Principles

This is a statement of principles, not practice. Practical applications of these principles are explained in the appendices to this policy. The Headteacher and the Local Governing Body believe that high standards of behaviour lie at the heart of a successful school. Good behaviour enables students to make the best possible progress in all aspects of their school life. At Nonsuch, we value everyone as an individual, capable of growth, change and development. Our relationships are underpinned by values of Positivity, Respect, Integrity, Courage and Endeavour (our PRICE values).

We have high expectations that support the development of our students as responsible citizens, able to participate democratically in their community. The purpose of this statement is giving clarity over the expectations of behaviour at Nonsuch.

Principles:

- All Students, staff and visitors have the right to feel safe, valued and respected
- Our school is inclusive and as such all students, staff and visitors are free from any form of discrimination
- Students have the right to be able to learn free from the disruption of others
- Students should display the expected standard of behaviour as laid out in the Nonsuch Whole School Behaviour Agreement and they should follow the Behaviour for Learning Policy
- Staff should set an excellent example to students at all times communicating the school expectations, routines, values and standards through every interaction with students
- Rewards and sanctions are used consistently by staff, in line with the behaviour policy to create a calm and safe environment for students
- The Behaviour for Learning policy is understood by students, parents and staff
- The Behaviour for Learning policy explains that exclusions will only be used as a last resort, and outlines the processes involved in suspensions and exclusions
- The school will adhere to the policy on reasonable force, searching students and confiscating material where appropriate
- Students are helped to take responsibility for their actions
- Families are involved in supporting behaviour incidents to foster good relationships between the school and students' home life
- Parents will support their daughter in adhering to the school's behaviour policy by getting to know the policy and reinforcing it at home where appropriate, and supporting school staff in their application

Appendix C: RESPONDING TO BEHAVIOUR

Classroom Management

Teaching and support staff are responsible for setting the tone and context for positive behaviour within the school.

They will:

- Follow the whole school approach to the beginning and end of lessons routine
- Create and maintain a stimulating environment that encourages students to be engaged
- Praise and support rules will be displayed clearly in classrooms
- Develop a positive relationship with students, which may include:
 - Greeting students in the morning/at the start of lessons
 - Establishing clear routines
 - Communicating expectations of behaviour in ways other than verbally
 - Highlighting and promoting good behaviour
 - Concluding the day positively and starting the next day afresh
 - Having a plan for dealing with low-level disruption
 - Using positive reinforcement
 - Award credits on Class Charts for demonstrating the school values
 - Apply the school's in-class behaviour system consistently and appropriately

Safeguarding

The School recognises that changes in behaviour may be an indicator that a student needs help or protection.

We will consider whether a student's misbehaviour may be linked to them suffering, or being likely to suffer, significant harm.

Where this may be the case, we will follow our child protection and safeguarding policy, and consider whether pastoral support, an early help intervention or a referral to children's social care is appropriate.

Please refer to our child protection and safeguarding policy for more information [GLT Child Protection and Safeguarding Policy](#)

Responding to good behaviour

At Nonsuch, we believe that students of all ages thrive in an environment where achievement is recognised, praised and rewarded. We therefore reward students for academic and non-academic achievement, for effort and for all aspects of good work and behaviour that exemplifies our school values.

We respond to good behaviour in the following ways:

Verbal Praise:

- Students thrive on immediate feedback for doing the right thing. The place of verbal praise remains key in sustaining a positive classroom culture and ethos.
- Beyond the lesson any member of staff may telephone, write or e-mail parents/carers to pass on positive feedback.
- Each subject area or year group may also have their own systems for passing on positive feedback

House Points or Credits:

- We value the house credits system at Nonsuch greatly as a means of rewarding outstanding work and celebrating the many achievements of the students.
- Staff allocate house credits directly onto Class Charts for all students in Key Stages 3, 4 and 5. Credits are awarded to students according to the five Nonsuch school values. Examples of reasons for awarding credits under each school value will be displayed in every classroom and can be seen below. Please note this is not an exhaustive list.
 - **Positivity:** showing support to peers, evidence of house loyalty
 - **Respect:** exemplary behaviour in class, active citizenship, students who consistently offer help
 - **Integrity:** Leadership in extracurricular activity, commitment to a long-standing project e.g., school production/concert, organisation of school-based charity events.
 - **Courage:** presenting in front of the class, working outside of your comfort zone, taking a risk.
 - **Endeavour:** exemplary class or homework, participation in house competitions.
- We highlight in each classroom reasons for awarding credits so that students can strive to achieve them
- House credits can be awarded inside or outside the classroom using class charts
- Parents can track a student's house credits by the class chart app
- Accumulating sufficient House Credits leads to awards for each school value. Students receive a certificate and a school value badge. Badges will firstly be in their house colour but then progress to Bronze, Silver and Gold.
- The total number of house credits awarded to a student in each house value will accumulate year on year and so it is likely that students will not receive silver and gold badges until they are higher up the school.

Golden Ticket

- **Head's Individual Golden Ticket:**
 - At times students at Nonsuch demonstrate qualities that extend over and above our recognised values.
 - The Head teacher has discretion to award individual golden tickets based on the following. Please note this is not an exhaustive list.
 - Contribution to the school community
 - Contribution to the local community
 - Leadership
 - School Values
- **Form Golden ticket:**
 - Excellent attendance and punctuality coupled with reduced sanctions are beneficial to students' progress and attainment.
 - To support students in achieving high levels of attendance and punctuality and low levels of sanctions a form golden ticket competition will be held each half term.
 - The winning form of the golden ticket will be the one with the lowest number of sanctions and highest attendance and punctuality data.
 - The Golden Ticket will enable the form to access a choice from a number of treats at lunchtimes and after school.

Jack Petchey Awards

- Each month a student is nominated by fellow students for achievement in an aspect of the school vision. These may be to do with achievements beyond the school.
- The awards (a certificate and badge) are awarded in celebration assemblies and the associated prize money is given to a nominated area of the school by the winning student.

Other acknowledgment

- Achievement and success are acknowledged throughout the year in assemblies, newsletters to parents or carers and the Head's termly report to Governors.
- The Celebrating Achievement Awards, GCSE Prize Giving and the Sixth Form Leavers' Evening are a celebration of students' achievements within each Key Stage.

Responding to Misbehaviour

We pride ourselves on providing extensive support to our students in order that they maintain the highest standards of behaviour.

When a student's behaviour falls below the standard that can reasonably be expected of them, staff will respond as appropriate to restore a calm and safe learning environment, and to prevent recurrence of misbehaviour.

Staff will endeavour to create a predictable environment by always challenging behaviour that falls short of the standards, and by responding in a consistent, fair and proportionate manner, so students know with certainty that misbehaviour will always be addressed.

De-escalation techniques can be used to help prevent further behaviour issues arising, such as the use of clear and simple routines at the beginning and end of lessons.

All students will be treated equitably under the policy, with any factors that contributed to the behavioural incident identified and considered.

Staff will follow the **Nonsuch Behavioural Consequence Ladder** in lesson time, which will be displayed in all classrooms and clearly explained to students at the start of the school year. A debiting system will be used for misdemeanours outside the classroom or for organisational issues.

In the event of a student breaching the Nonsuch Whole school Behaviour Agreement, the student will be informed where the breach has occurred, why their behaviour is not acceptable and of the improvement that is required.

When giving behaviour sanctions, staff will also consider what support could be offered to a student to help them to meet behaviour standards in the future.

In cases where behaviour may be affecting academic progress, the Head of Year may refer to the Assistant Headteacher for Inclusion (Special Educational Needs Coordinator and Student Premium Coordinator), the ELSA or School Counsellor, the Child Wellbeing Practitioner, the First Aiders and/or the PCT nurse, as part of the investigation into underlying causes

If it is deemed necessary, a student may be referred to other educational services that may investigate the situation and offer further support.

Sanctions for Misbehaviour include:

- a verbal warning
- C1, C2, or C3 sanction will be issued in line with the Behavioural Consequence Ladder, with a C3 resulting in the student being removed from the lesson in which the C3 was given
- communication with parents
- loss of responsibility (losing a leadership/representative role such as School Council representative)
- removal of exit privileges in sixth form
- a formal (written) apology
- whole school detention (30 minutes or an hour)
- loss of ICT privileges except when supervised by a member of staff
- confiscation of item (e.g., jewellery, mobile phone) for a period of time
- a daily or weekly report (to the Form Tutor, Head of Year or member of SLT)
- Behavioural Contract

- SLT detention- 90 minutes
- Internal suspension
- Fixed-term suspension
- Permanent exclusion

These sanctions are on a sliding scale of sanctions of increasing severity, but depending on the nature of the breach of the school's expectations, one or more of the above may apply.

Our guidance on sanctions found below can provide clarity on this:

School report cards

- Where the problems are persistent or recurring, parents will be involved at the earliest possible stage.
- Students may then be placed on a daily or weekly report for staff and parents to monitor their behaviour.
- A behaviour contract may also be prepared between the student concerned, their parents and staff, which clearly indicates the improvement(s) required.
- Examples of report cards can be found below.

School detentions

- Whole class detentions should never be used as a behaviour management strategy.
- A whole school detention may be issued as a sanction in line with the in-class consequence ladder. Parents or carers will be notified if a detention is issued via ClassCharts. The school reserves the right to issue this detention on the same day the incident occurs. It is the parent's responsibility to be signed up to the ClassCharts app to receive notifications and updates regarding their daughter's detentions and other school-related matters. Other incidents that may lead to an automatic detention include being late, chewing gum, accumulation of debits and mobile phone offences. The length of the detention will be determined based on the frequency and severity of the breach of the school's code of conduct.

SLT Detention

- For higher level misdemeanours the school may consider a Senior Leadership (SLT) s detention.
- This will be on for 90 minutes, on a different evening to the whole school detention, and will involve a conversation with the Headteacher or other member of SLT
- Parents will be informed of the detention by a phone call from the Head of Year and with a letter.

Internal Suspension

- If a member of SLT considers that a behaviour incident is serious enough a student may be placed for a day in an internal suspension.

- If this sanction is decided upon, in agreement with the Headteacher, parents will be informed by the Assistant Head (Pastoral) or Assistant Head (Sixth Form).
- A letter will be sent home outlining the protocols and procedures for such a sanction and the student will be informed.
- When setting internal suspension as a sanction, the student will be set work in accordance with their usual curriculum.
- Students will be supervised by staff in the school and have an opportunity to discuss their behaviours and review them before they are reintegrated back into school.
- Internal suspension may be used instead of an external exclusion if there are mitigating circumstances to an incident.
- Truancy will result in an internal suspension.
- Malpractice (commonly known as cheating) in an in-class assessment or test (including, but not limited to, falsification of results, deception, copying or being in possession (whether used or not) of unauthorised material) will result in an internal suspension.

Internal suspension will begin at 8:30am, with students required to wait in main reception upon arrival. They will need to hand in their mobile phones at that time, which will be returned to them at the end of the day. Students will also be expected to attend an SLT detention until 5:00pm on the day of their suspension or nearest available day.

Fixed Term Suspension

- Suspending a student from school for a fixed term is a serious step to take.
- Only the Headteacher, or acting Headteacher, has the authority to suspend a student either for a fixed term or permanently.
- In all cases the parents will be informed by telephone and letter on the day before the student is suspended and given all the reasons for the suspension.
- The student will be seen by the Headteacher or a member of the Senior Leadership Team and an explanation of the sanction will be given.
- On their return to school the student should come in with a parent to meet with the Headteacher and/or their deputies.

Appendix D: INVESTIGATION OF INCIDENTS

When a serious incident occurs the Head of Year will begin an investigation.

All of our investigations will be carried out in accordance with our policy in the interests of consistency, fairness and transparency

The process for an investigation is laid out in our incident investigation form which can be found below.

The process of an investigation is as follows:

- Parents will be notified of the investigation as soon as possible
- Those involved in the incident will be spoken to and statements will be taken in line with our reporting form (Appendix E)
- Witnesses to the incident will be spoken to and statements will be taken
- Evidence will be assessed by Head of Year and Assistant Head (Pastoral) / Assistant Headteacher (Sixth Form)
- Key documents (e.g. Policies) will be referred to
- A decision on sanctions will be made based on the evidence by the Headteacher and Assistant Head (Pastoral) / Assistant Head teacher (Sixth Form)
- Parents will be notified of the conclusion of the investigation and any sanctions

In order to be fair and transparent to all involved when undertaking an investigation, we will not involve parents in the investigation but will speak with them about any conclusions reached.

Appendix F: POWER OF SEARCH

Searching, screening and confiscation is conducted in line with the Department for Education's latest guidance on searching, screening and confiscation.

(<https://www.gov.uk/government/publications/searching-screening-and-confiscation>)

The Headteacher and authorised staff have the power to search students (and confiscate), without consent, when they have reasonable grounds for suspecting that a student has a prohibited item or has broken the law. Prohibited items or illegal content include the following:

- knives or weapons;
- alcohol;
- illegal drugs;
- stolen items;
- tobacco and cigarette papers;
- fireworks;
- pornographic images or content;
- abusive images or content (racial, homophobic etc)
- any article that a member of staff reasonably suspects has been, or is likely to be, used to commit an offence or injure a person or damage property; and
- any item which a school policy specifies as banned and able to be searched for

Searching a student will only be carried out:

- By a member of staff who has been authorised to do so by the Headteacher, or by the Headteacher themselves.
- By two members of staff, one of whom should be female

If the authorised member of staff considers a search to be necessary, but is not required urgently, they will seek the advice of the Headteacher, Designated Safeguarding Lead (or deputy) or a pastoral member of staff who may have more information about the student. During this time, the student will be supervised and kept away from other students.

A search can be carried out if the authorised member of staff has reasonable grounds for suspecting that the student is in possession of a prohibited item or any item identified in the school rules for which a search can be made, or if the student has agreed.

The search may be carried out on school premises or anywhere else where students are under the lawful control or charge of the member of staff conducting the search, such as during an off-site educational visit. The location of the search must be away from other students.

Before carrying out a search the authorised member of staff will:

- Assess whether there is an urgent need for a search
- Assess whether not doing the search would put other students or staff at risk
- Consider whether the search would pose a safeguarding risk to the student
- Explain to the student why they are being searched
- Explain to the student what a search entails – e.g. I will ask you to turn out your pockets and remove your scarf
- Explain how and where the search will be carried out
- Give the student the opportunity to ask questions
- Seek the student's co-operation

The authorised member of staff may use a hand-held metal detector to assist with the search.

An authorised member of staff may search a student's outer clothing, pockets, possessions, desks or lockers.

Outer clothing includes:

- Any item of clothing that is not worn immediately over a garment that is being worn wholly next to the skin or being worn as underwear (e.g., a jumper or jacket being worn over a t-shirt)
- Hats, scarves, gloves, shoes, boots

Possessions means any items that the student has or appears to have control of, including:

- Desks
- Lockers
- Bags

If the student refuses to agree to a search, the member of staff can give an appropriate behaviour sanction.

If they still refuse to co-operate, the member of staff will contact the Headteacher to try and determine why the student is refusing to comply.

The authorised member of staff will then decide whether to use reasonable force to search the student. This decision will be made on a case-by-case basis, taking into consideration whether conducting the search will prevent the student harming themselves or others, damaging property or from causing disorder.

The authorised member of staff can use reasonable force to search for any prohibited items in the identified list but not to search for items that are only identified in the school rules.

An authorised member of staff can search a student's possessions when the student and another member of staff are present.

If there is a serious risk of harm if the search is not conducted immediately, or it is not reasonably practicable to summon another member of staff, the search can be carried out by a single authorised member of staff.

Informing the Designated Safeguarding Lead (DSL)

The staff member who carried out the search should inform the DSL without delay:

- Of any incidents where the member of staff had reasonable grounds to suspect a student was in possession of a prohibited item as listed above
- If they believe that a search has revealed a safeguarding risk

All searches for prohibited items including incidents where no items were found, will be recorded in the school's incident log

Informing parents

Parents will always be informed of any search for a prohibited item. A member of staff will tell the parents as soon as is reasonably practicable:

- What happened
- What was found, if anything
- What has been confiscated, if anything
- What action the school has taken, including any sanctions that have been applied to their daughter

Support after a search

Irrespective of whether any items are found as the result of any search, the school will consider whether the student may be suffering or likely to suffer harm and whether any specific support is needed (due to the reasons for the search, the search itself, or the outcome of the search).

If this is the case, staff will follow the school's safeguarding policy and speak to the Designated Safeguarding Lead (DSL). The DSL will consider if pastoral support, an early help intervention or a referral to Children's Social Care is appropriate.

Strip searches

The authorised member of staff's power to search outlined above does not enable them to conduct a strip search (removing more than the outer clothing) and strip searches on school premises shall only be carried out by police officers in accordance with the Police and Criminal Evidence Act 1984 (PACE) Code C.

Before calling the police into school, staff will assess and balance the risk of a potential strip search on the student's mental and physical wellbeing and the risk of not recovering the suspected item.

Staff will consider whether introducing the potential for a strip search through police involvement is absolutely necessary, and will always ensure that other appropriate, less invasive approaches have been exhausted first.

Once the police are on school premises, the decision on whether to conduct a strip search lies solely with them. The school will advocate for the safety and wellbeing of the student(s) involved. Staff retain a duty of care to the student involved and should advocate for student wellbeing at all times.

Communication and record-keeping

Where reasonably possible and unless there is an immediate risk of harm, staff will contact at least 1 of the student's parents to inform them that the police are going to strip search the student before strip search takes place and ask them if they would like to come into school to act as the student's appropriate adult. If the school cannot contact the parents, or they are not able to come into school to act as the appropriate adult, a member of staff can act as the appropriate adult (see below for the role of the appropriate adult).

The student's parents will always be informed by a staff member once a strip search has taken place. The school will keep records of strip searches that have been conducted on school premises and monitor them for any trends that emerge.

Who will be present

This subsection and the one directly following apply to strip searches that involve the exposure of a student's intimate body parts. For any strip search that involves exposure of intimate body parts, there will be at least 2 people present other than the student, except in urgent cases where there is risk of serious harm to the student or others.

One of these must be the appropriate adult, except if:

- The student explicitly states in the presence of an appropriate adult that they do not want an appropriate adult to be present during the search, and
- The appropriate adult agrees

If this is the case, a record will be made of the student's decision, and it will be signed by the appropriate adult.

No more than 2 people other than the student and appropriate adult will be present, except in the most exceptional circumstances.

The appropriate adult will:

- Act to safeguard the rights, entitlement, and welfare of the student
- Not be a police officer or otherwise associated with the police
- Not be the Headteacher
- Be of the same sex as the student, unless the student specifically requests an adult who is not of the same sex

Except for an appropriate adult of a different sex if the student specifically requests it, no one of a different sex will be permitted to be present and the search will not be carried out anywhere where the student could be seen by anyone else.

Care after a strip search

After any strip search, the student will be given appropriate support, irrespective of whether any suspected item is found. The student will also be given the opportunity to express their views about the strip search and the events surrounding it.

As with other searches, the school will consider whether the student may be suffering or likely to suffer harm and whether any further specific support is needed (due to the reasons for the search, the search itself, or the outcome of the search).

Staff will follow the school's safeguarding policy and speak to the Designated Safeguarding Lead (DSL). The DSL will consider if, in addition to pastoral support, an early help intervention or a referral to Children's Social Care is appropriate.

Any student(s) who have been strip searched more than once and/or groups of students who may be more likely to be subject to strip searching will be given particular consideration, and staff will consider any preventative approaches that can be taken

Exceptional circumstances

An authorised member of staff of a different sex to the student can carry out a search without another member of staff as a witness if:

- The authorised member of staff carrying out the search reasonably believes there is risk that serious harm will be caused to a person if the search is not carried out as a matter of urgency; and
- In the time available, it is not reasonably practicable for the search to be carried out by a member of staff who is the same sex as the student; or
- It is not reasonably practicable for the search to be carried out in the presence of another member of staff

When an authorised member of staff conducts a search without a witness they should immediately report this to another member of staff and ensure a written record of the search is kept.

Any search will be recorded on our incident log with reasons and outcomes for the search

Appendix G: USE OF REASONABLE FORCE

There may be some circumstances where staff may have to use reasonable force and the lawful use of this power will provide a defence to any related prosecution or other legal action.

‘Reasonable’ means using no more force than is needed.

The decision on whether or not to physically intervene is always down to the professional judgement of the member of staff concerned and should always depend on individual circumstances.

Reasonable force covers a range of interventions that involve physical contact with students. All members of staff have a duty to use reasonable force, in the following circumstances, to prevent a student from:

- Causing disorder
- Hurting themselves or others
- Damaging property
- Committing an offence

This can range from guiding a student to safety by the arm through to more extreme circumstances such as breaking up a fight or where a student needs to be restrained to prevent violence or injury.

Control means either passive, physical contact, such as standing between students or blocking a student’s path, or active physical contact such as leading a student by the arm out of the classroom.

Restraint means to hold back physically or to bring a student under control. It is typically used in more extreme circumstances, for example when students are fighting and refuse to separate without physical intervention.

Incidents of reasonable force must:

- Always be used as a last resort
- Be applied using the minimum amount of force and for the minimum amount of time possible
- Be used in a way that maintains the safety and dignity of all concerned
- Never be used as a form of punishment
- Be recorded and reported to parents (see appendix 3 for a behaviour log)

When considering using reasonable force, staff should, in considering the risks, carefully recognise any specific vulnerabilities of the student, including SEND, mental health needs or medical conditions.

APPENDIX K: USE OF PHYSICAL FORCE BY PARENTS IN DISCIPLINING

Schools have a statutory responsibility under section 175 of the Education Act 2002 to safeguard and promote the welfare of children both in and out of school

The law UK law protects every child up to the age of 18 years from cruel and abusive treatment by their parents and carers.

- It is against the law for a parent to use physical punishment on their child that causes marks.
- It is against the law to use an implement to hit a child.
- Parents who cause deliberate harm to their child could face criminal prosecution.
- It is against the law for anyone who is not the child's parent to use ANY form of physical punishment.

Parents are responsible for disciplining their children or those under their care.

However, parents should demonstrate an understanding that the use of physical force in disciplining them may be illegal in certain circumstances. This may include where an implement (e.g., belt, stick, slipper) has been used or where the use of that force has resulted in visible injury and the use of prolonged physical stress positions. (This is where children are placed in a position of discomfort for a long period of time.)

Parents should understand in these circumstances the school has a statutory duty to report such incidents to Children's Social Care and that the police may be asked to investigate.
